

E-Books Access

The Wolters Kluwer: a publisher is providing complete access of CBME Platform to our college for the next 1 & Half month, which consists of around 100 E-Books and can be useful for all Undergraduates, Postgraduates, Medical, Paramedical, Pharmacy and Nursing faculty and students who are not able to visit the library due to COVID19.

This access is available on the IP address of our college and below is the details of User ID & Password.

Link of Platform: <https://ebooks.lwwindia.co.in/>

Common user ID: ERA123

Password : wk@123

Few Highlights of books which are available on the platform:

1. 5 Minute Consult 2020 – It can be a one point of reference for doctors who are fighting with COVID19 as it has a separate chapter of COVID which will help them to understand the disease in depth.
2. Communicate, Care, Cure – It is one of the unique title which help the complete Medical fraternity starting from a Nurse to a professional Doctor. Going into more depth this title follows ATECOM model which will be very helpful for the undergraduate MBBS students.
3. Standard Treatment Guidelines – It provide the clear cut guideline to students/PG's that how to proceed while treating the patients and what are the guideline which they need to follow.
4. Tandon's Textbook of Cardiology 2Vol set – Its latest edition came in 2019, with the recent updates which are required to doctors.
5. Antibiotic Basics of Clinicians 2020 – Once again the new edition came in 2020 with all the updates.
6. Undergraduate titles like Snell's Clinical Anatomy, langman's Embryology, Grant Dissector, LIR Physiology, etc. which are as per new competency based curriculum will help the undergraduates to read the good content at their home itself.
7. Brunner & Suddharth's Textbook of Medical Surgical Nursing – One of best title for nursing students.

Thanks & Regards
